

This app allows people to post about pickup sports games giving a description of time location and the sports being played. Users can open a map and browse their area for other user locations that are meeting up to play.

- People like to play sports but don't know people in their area
- People are okay playing with people they don't know
- People are okay sharing their location with others.

Problem statements

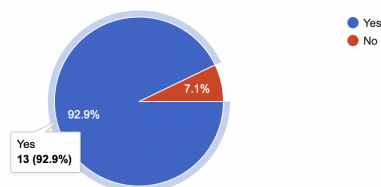

- Identify if players will meet up with people they don't know
- Identify how often people like to play sports
- Identify how often people play sports
- Identify how long people play sports.

1. Most people like to play sports.
2. Most people are willing to meet up and play sports with people they met online.
3. Most people would play more often if they had a group of people to play with.
4. People are willing to travel up to 30 minutes to meet with others to play.

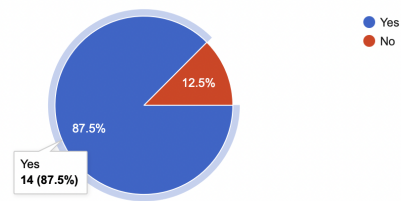

Do you enjoy playing sports?

14 responses

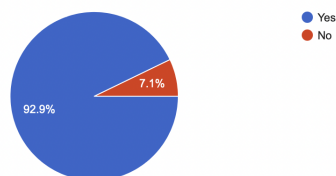

Would you be willing to meet up and play with people you met online?

16 responses

Would you play more often if you had a group to play with?

Using the survey we were able to acquire good results for the problem statement. We were able to determine more people would be willing to meet up with people they met online to play sports as well as how far people are willing to travel to play sports with others and how most people would play sports more if they had a group to play with.
